

APPENDIX E. SPECIAL REQUIREMENTS

Proposed project will require:

- Human Participants**
- IRB protocol pending
 IRB protocol approved
Protocol number: _____
Approval date: _____
- Live Vertebrate Animals**
- IACUC protocol pending
 IACUC protocol approved
Protocol number: _____
Approval date: _____
- Radioactive Materials**
- Radioactive material authorization pending
 Radioactive material use approved
 RSO-1A or RSO-14 (check one)
Approval date: _____
- Recombinant DNA**
- IBC protocol pending
 IBC protocol approved
Approval date: _____
- Biohazards**
- Biohazards Committee authorization pending
 Biohazards Committee approval approved
Approval date: _____
- Particularly Hazardous Chemicals**
- Chemical Hygiene Officer authorization pending
 Chemical Hygiene Officer authorization approved
Approval date: _____

Important notice: Laboratory supervisors are responsible for ensuring and documenting that their employees receive any laboratory safety training necessary to perform their work safely. This must include frequent work observations by the supervisor and prompt correction of unsafe work habits. A complete listing of training courses is available on the EH&S webpage (see “What Trainings Do I Need?” at <http://rgs.usu.edu/ehs/>).
